---

**Aluminum Ball Washer Stand Pipe**
2” x 34” Stand Pipe (Black)
2” x 46” Stand Pipe (Black)
Step #1
Choose your ball washer model & color:
- Model #700 (Plunger-Style)
- Model #778 (Crank-Style)
- Model #699 (Plunger-Style)
See Page 6 and 7

Step #2
Choose between a 34" freestanding base & pipe combo OR a 46" in-ground post.

Step #3
Choose between seven different types of tee towels.
See page 11

Step #4A
Choose between plastic (#765) or steel (#750) litter baskets (Up to 2 per ensemble).

Step #4B
Choose your lid style:
- #766S (Solid)
- #766T (Trash)
- #766C (Can)

Step #4C
Select your mounting bracket:
- #747 (Single Mount)
- #746 (Double Mount)

Step #5
Add extra foot brushes to your base for spike cleaning. Maximum 2 brushes per ensemble.

And don’t forget to ask us about customizing your ensemble with your course logo!
**Steel Litter Basket**
20 gauge steel, powder coated litter baskets available with your choice of flat, cone or spike bases for your application requirement.

- **750** 9 Gal. Basket w/ Spike
- **755** 9 Gal. Basket w/ Cone Base
- **754** 9 Gal. Basket w/ Flat Base
- **751** 30 Gal. Basket w/ Spike
- **756** 30 Gal. Basket w/ Cone Base

**Steel Spike Base**
Powder coated steel spike base. Fits both 9 & 30 gallon steel baskets. Necessary hardware included.

- **750S** Steel Spike Base

**Litter basket mount for ball washer post.**

- **691BK** Litter basket mount

**Plastic Litter Bin Lids**
Made from the same polyethylene plastic as our #765 Designer Series litter bins. Available in three different opening-styles: Solid, Can & Trash. Only available in black.

- **766S** Solid Lid (No Opening)
- **766C** Can Lid (Small Opening)
- **766T** Trash Lid (Wide Opening)

**Litter Bin Mounting Bracket**
Allows for your Designer Series litter bins to be mounted directly to your ball washer ensemble. Available in single & double mount options. All necessary hardware included.

- **746** Single Mounting Bracket
- **747** Double Mounting Bracket

**In-Ground Litter Bin Stand**
Promptly holds up your Designer Series litter bins by anchoring itself into the turf via two spikes on either side of the stand. Available in standard or heavy duty (heavy duty stands have a thicker top band).

- **748A** Heavy-Duty In-Ground Stand
- **748B** Standard In-Ground Stand

**Above Ground Litter Bin Stand**
Promptly holds up your Designer Series litter bins via a top band that is secured to two separate horizontal feet at either side of the stand. Available in standard or heavy duty (heavy duty stands have a thicker top band).

- **748C** Heavy-Duty Above Ground Stand
- **748D** Standard Above Ground Stand

### BAYCOGOLF.COM

**Unlimited Colors/Combinations - one great price**
- Multiple logos per flag
- Each flag can have its own different logo(s) eg. 18 holes, 18 different logos
- Text can be added ie. “1st annual” or “Year of Event”

No set up or artwork charges with good artwork.
- Artwork to be high resolution Vector format. Most common file include .ai, .eps and .pdf.

### What is Dye Sublimation?
- Dye Sublimation uses solid dyes under heat & pressure to produce photo-lab quality images on fabric. Color is absorbed directly into the material, making it more durable and less vulnerable to fading than other prints.

### Fabric Choices:
- Poplin Flags with Blocker for 2 Sided Dye
  - Excellent medium for heavy graphics or two sided graphics.
  - An optional blocker can be added to allow no show through from back to front.
  - Heaviest of the options especially when a blocker is added, this 3 layer flag needs wind to move.
- **Learn how our golf flags can be a new source of revenue for your course...watch the video now at** www.baycogolf.com

- Dura Flag
  - Single sided dyed and approx. 55% show through to the other side.
  - Very stable fabric in medium to strong wind due to the fact that the fabric is porous and allows some wind to pass through.

- Poly Silk Flutter Flags (recommended for events)
  - Single sided dye that has 98% show through to the other side.
  - Very lightweight. Works great in low breeze or cross breeze settings.
  - Great in and semi-arid environments as it is always fluttering even in a 1 mph breeze.

---

**1005NUT Bayco Security Nut**
- Recommended to be used on flag poles to help reduce flag theft. It fits on a regular flag pole threaded bushing. Its thin profile & design allows the product to be used on its own or with your normal black acorn nut. Sold in packages of 9.
Top threaded locking nut included with each flagstick.

Large variety of colors available.

4 Lengths available. Maximum length - 8ft

Choose from smooth, slotted, or zinc ferrule.

Solid basecolor impregnated throughout each flagstick.

For Zinc Locking ferrule add B at the end. Slotted ferrule add an S at the end of flagstick part number.

For shipping we also add a protective sleeve on bushing and ferrule.
Bayco tournament flagsticks are manufactured to the highest quality and appearance for excellent corrosion resistance and weather-ability.

Base color is impregnated throughout each Bayco Golf flagstick.

Polyester fibre surface to minimize slivering.

Flagsticks come complete with aluminum bottom ferrule, top ferrule and acorn nut. Will suit swivel or tube type flags.

Five lengths available - maximum length 12 ft.

Choose from smooth, slotted or zinc ferrule.

Recycled Plastic Custom Easels
Made from the same great recycled plastic you've come to know and love from Bayco Golf products. Easily display crucial information to your golfers such as the golf time of the course or the daily yardage. Please contact us for more information.

- Bronze and Aluminum Tee Signs
Choose from the shapes and sizes listed or let us create a design unique to your course. We will provide proofs of each sign for your approval. Provide us with the information needed for each sign and we will do the rest. Multiple mounting options are available. Please call your nearest dealer for more information on posts and decorative options.

- Recycled Plastic Tee Signs
With recycled engraved plastic signs, the design possibilities are virtually endless. Let us help you create a custom sign layout that fits your course and better yet your budget. Engraved plastic signage is a very classy yet economical way to add first class signage to your facility. Standard sign templates are available to choose from or we can help you create something new. Call us today for more information, we can e-mail you design ideas with a quotation as well.

Available in 12” x 18”, 18” x 24” or 24” x 30”. Other sizes available upon request.

- Inset
Your logo is printed and inset into the sign, then covered with a protective shield & sealed with clear resin.

- Engraved
Logo is precision engraved into the sign board, leave the logo blank or choose to have it color filled with our special resin.

Double Brush Spike Cleaner Stand:
Constructed of 1" steel tubing with flange base. Base can be secured to a hard surface such as wood with a lag bolt. Alternatively, the four 6" stainless steel spikes can be inserted into the base for firm positioning on grass or ground surfaces.

680 Brush Stand with lag bolts and spikes
680BK Black Brush Stand with lag bolts and spikes

Replacement Base Brush:
Spare/replacement base brush for all of our double brush stands.

610 Replacement Base Brush

Double Brush Stand w/ Side Brushes:
All the benefits of the #680 & #685 with the added support of two side brushes on either side of the brush stand.

687 Brush Stand with side mounts with lag bolts and spikes
687BK Black Brush stand with side mounts with lag bolts and spikes

Double Brush Stand w/ Recycled Plastic Base:
Double brush stand with side brushes that attaches to a recycled plastic base rather than being secured into the ground to keep the area neat and clean.

E686 Brush Stand w/ recycled plastic base
E686BK Black Brush Stand w/ recycled plastic base

Double Mount Spike Brush:
A double mount loop with two base brushes on either side that attach around any 2" pipe. Perfect for your ball washer ensembles.

675 Double Mount Spike Brush
675BK Black Double Mount Spike Brush

Recycled Plastic Brush Assembly:
An environmentally friendly alternative to the #600 brush assembly. Stand-alone product, does not attach to double brush stands.

E601 Recycled Plastic Brush Assembly
E601BK Black Recycled Plastic Brush Assembly

Single Mount Spike Brush:
A single mount loop with a base brush that attaches around any 2" pipe. Perfect for your ball washer ensembles.

670 Single Mount Spike Brush
670BK Black Single Mount Spike Brush

Long Drive/Proximity Marker Pad:
25 Pads per pk. Long drive one side & proximity on other. Dimensions: 8" x 5"
Eco-Blast Air Horn
The refill valve of the Eco-Blast Air Horn lets you recharge using a mini pump that has been tailor made. Any bicycle pump, service station or air compressor can also be used. In seconds, Eco-Blast is ready to emit a powerful 120dB signal that meets all USCG requirements.

Sand & Seed Bottle Rack
This convenient mobile rack holds up to 80 bottles! Complete with two front wheels & rear lift handle to make relocating the rack easy & practical. Shipped flat for economy, easily assembles with 8 stainless steel bolts. Approximate assembled size: 46”L x 38”H x 40”W. Bottles not included.

Portable Outdoor Ashtray
Collects unsightly cigarette butts & reduces the risk of fire. Made of flame-retardant, sturdy polyethylene. Won’t rust, dent or crack. 4 Gal. capacity. Simply lift the lid to empty the big galvanized steel pail inside. Special laminated aluminum/poly liner available.

E-Z Litter Stick
A 12 prong litter stick with a quick release trigger to make picking up garbage around the course easy.

Eco-Blast Pro Air Horn
Rechargeable air horn. Heavy-duty, high impact plastic casing with pressure gauge. Refills easily with compressed air and reaches up to 115 dB with 150 blasts per charge. Compatible with your own air compressor.

Golf Bag Rack
Holds up to 6 golf bags. Made in 2ft. x 3ft. lengths for carton shipping. Can be stretched to any length in multiples of 3ft., can also be set up back to back. Powder coated black finish.
